

## SECTION 2.

### THE BUILDING OF FULNECK SETTLEMENT

Zinzendorf's organisation of Herrnhut became the model for future Moravian settlements around the world but how did the first British settlement start close to Pudsey?

What was the link that sparked the community?

Who were the people involved?

How did it expand?

Investigate how a religious settlement grew on a Yorkshire hillside. As the story evolves, think of the following questions:-

f) How did a travelling Yorkshire clergyman meet the Moravians?

g) Why was a faith settlement from Germany built in Pudsey?

h) Can you think of a character who has made a difference to help people?

l) How long would it take today to travel from London to Leeds by car or train?

j) Can you find out why they gave weak beer to the children?
